The new Mercedes-AMG CLE MANUFAKTUR Edition

- Limited Edition features extensive standard equipment and unique design details
- Striking AMG exterior graphics and contrasting visual elements throughout

Affalterbach. Mercedes-AMG presents the new limited AMG CLE MANUFAKTUR Edition. Based on the 2026 AMG CLE 53 Coupe and Cabriolet, this special model arrives at U.S. dealerships later this year and will be available to U.S. customers in limited numbers. The exclusive edition showcases distinctive design elements, stunning finishes and an expansive suite of standard equipment.

At the heart of the Mercedes-AMG CLE 53 is an AMG-enhanced 3.0-liter inline six-cylinder engine equipped with an exhaust gas turbocharger and electric auxiliary compressor. The advanced powertrain produces 443 hp and 413 lb-ft of torque, as well as 443 lb-ft in overboost for up to 10 seconds. Power is transferred via an AMG SPEEDSHIFT® TCT 9G transmission and AMG Performance 4MATIC+ fully variable all-wheel drive, creating a highly dynamic driving experience that matches the expressive design of the AMG CLE.

The AMG CLE MANUFAKTUR Edition features specially curated exteriors for both the Coupe and Cabriolet that underscore the vehicles' exclusivity as well as sporty and luxury character. The Coupe is finished in MANUFAKTUR Graphite Grey Magno paint and adorned with yellow AMG graphics. 20-inch AMG Forged Cross-Spoke wheels in black with yellow rim flanges, unique to this special edition, provide further contrast. The Cabriolet exemplifies top-down luxury with AMG-exclusive MANUFAKTUR Starling Blue Magno paint, highlighted by captivating black and blue AMG graphics. This is complimented by 20-inch AMG Multi-Spoke Y-Design wheels with black accents.

Sporty interior with AMG Performance seats

Distinctive design elements extend to the interior of the AMG CLE MANUFAKTUR Edition. The AMG Performance Seat Package Advanced, fitted standard, features black AMG Nappa leather upholstery with yellow contrast stitching on the Coupe, and new exclusive AMG Nappa leather in white with black accents on the Cabriolet. Trim elements in AMG carbon fiber further elevate the interior. The AMG door sill trims are illuminated in yellow on Coupe and white on the Cabriolet. Color accents are also highlighted on the AMG floor mats for this special model with yellow (Coupe) or white (Cabriolet) MANUFAKTUR Edition branding and stitching.

Additional packages & options, included standard, make this special model even more desirable:

- **AMG Night Package Plus (Coupe only)**
Striking design details in gloss black emphasize the expressive design of the AMG CLE. This includes elements on the AMG front fascia, wide front fenders, side sill panel inserts, exterior mirror housings, window trim and surrounds, rear bumper and twin tailpipe trims of the AMG Performance exhaust system. High-quality design details in dark chrome for the AMG-specific radiator grille and badging on the front fenders and trunk lid further sharpen the look of the vehicle.

- **AMG Performance Studio Package (Coupe only)**
The sporty design elements provide an even more dynamic appearance. This includes an AMG front fascia with flics on each side, AMG spoiler lip on the trunk lid, AMG rear fascia with diffuser panel and flics in the side air outlets.
- **AMG Carbon Fiber Package I and II (Cabriolet only)**
Elegant carbon fiber elements are highlighted throughout the exterior of the Cabriolet, including on the AMG front fascia, AMG side sill panel inserts and rear bumper. A carbon fiber AMG spoiler lip on the trunk lid and carbon exterior mirror housing covers also emphasize the performance character of the vehicle.
- **AMG DYNAMIC PLUS Package (Coupe and Cabriolet)**
This package provides additional dynamic equipment in the MANUFAKTUR Edition, including active engine mounts that enable a wider spread between dynamic and comfort.
- **Pinnacle Trim (Coupe and Cabriolet)**
The Pinnacle Trim expands on the generous standard features of the AMG CLE with DIGITAL LIGHT headlamps with projections, MBUX augmented video for navigation and a head-up display with AMG-exclusive content.
- **AMG Real Performance Sound (Coupe and Cabriolet)**
AMG Real Performance Sound provides an even more emotional driving experience. At the touch of a button or the central display, customers can choose between BALANCED or POWERFUL profiles to adjust the sound of the AMG-enhanced engine in the cabin.

A final sophisticated detail of both the Coupe and Cabriolet is the AMG fuel cap in silver chrome with black design elements. Each AMG CLE MANUFAKTUR Edition model also includes a custom, edition-specific AMG indoor car cover. The specially tailored cover is constructed from a breathable, tear-resistant synthetic fabric and an anti-static flannel inner fabric.
