

Quick Reference Guide

2021 AMG GLE Coupe

Models & MSRP

- | | | |
|-------------------------------|-----------|--------------------------------------|
| ▪ Mercedes-AMG GLE 53 Coupe | \$76,500 | arriving at U.S. dealers Spring 2020 |
| ▪ Mercedes-AMG GLE 63 S Coupe | \$116,000 | arriving at U.S. dealers Fall 2020 |

**Above prices exclude \$1,050 destination and delivery charge*

AMG GLE 53 Coupe Standard Feature Highlights

- AMG-enhanced 3.0L Inline-6 Turbo Engine w/ EQ Boost
- Gasoline engine: 429 hp / 384 lb-ft; 48V system provides an additional boost of 21hp and 184 lb-ft
- AMG SPEEDSHIFT TCT 9G Transmission
- AMG Performance steering wheel in Nappa Leather
- AMG-specific seat design in MB-Tex/DINAMICA with red stitching and AMG Badging
- Mercedes-Benz User Experience (MBUX) with Voice Control
- 12.3" Digital Instrument Cluster and 12.3" Touchscreen Multimedia Display
- MB Navigation with Live Traffic and Map Updates
- Active LED headlamps with Adaptive Highbeam Assist
- Smartphone Integration with Apple CarPlay and Android Auto
- Blind Spot Assist
- Active Brake Assist
- ATTENTION ASSIST®
- PRE-SAFE® System, including PRE-SAFE® Sound
- Active Parking Assist
- 5 USB ports
- Inductive Wireless Charging
- 21" AMG wheels
- Easy-Pack Tailgate
- KEYLESS-START
- KEYLESS-GO®

AMG GLE 63 S Coupe Standard Feature Highlights (includes features listed above)

- AMG Handcrafted 4.0-liter V8 biturbo engine w/ EQ Boost starter-generator
- Gasoline engine: 603 hp / 627 lb-ft; EQ Boost provides up to an additional 21hp and 184 lb-ft
- AMG Performance Exhaust system
- 22" AMG wheels
- AMG Performance steering wheel in Nappa Leather/DINAMICA with aluminum shift paddles and black 12-o'clock marking
- AMG-specific seat design in Exclusive Nappa Leather with AMG badging
- AMG Drive Unit steering wheel buttons
- AMG Electronic Limited Slip Differential
- AMG Track Pace

AMG GLE 53 Coupe Optional Feature Highlights

- Augmented Video for Navigation
- MBUX Interior Assistant
- Head-Up Display
- 4-Zone Climate Control

- Driver Assistance Package with new Active Traffic Jam Assist feature
- ENERGIZING Comfort Package Plus
- Air Balance cabin fragrance system
- AMG TRACK PACE
- AMG Night Package
- AMG Carbon Fiber interior trim
- Warmth and Comfort Package
- Burmester® High-End 3D Surround Sound System
- Surround View Camera System

AMG GLE 63 S Coupe Optional Feature Highlights (includes features listed above)

- AMG High-Performance Ceramic Braking System

Technical Highlights

- **AMG ACTIVE RIDE CONTROL suspension:** Redeveloped in Affalterbach, the optionally available AMG ACTIVE RIDE CONTROL suspension based on AIRMATIC enables a driving experience characterized by a high level of agility, neutral cornering behavior and optimal traction. A new AMG-specific feature contributes to performance driving dynamics: active roll stabilization with two electro-mechanic actuators working independently of one another on the front and rear axle, as well as fully variable torque distribution.
- **48-Volt on-board electrical system technology with EQ Boost:** The engine found in the GLE 53 is supplemented with a powerful and efficient Integrated-Starter Generator, in addition to a powerful electric auxiliary compressor. This integrated electric motor system, known as EQ Boost, assists the combustion engine by adding up to 21 hp for short periods of time. EQ Boost also assists when accelerating, making driving without the combustion engine turned on possible ("sailing") and supplies the battery with power by means of high-efficiency recuperation. By doing so, it makes fuel savings possible that were previously the exclusive domain of high-voltage hybrid technology.
- **Mercedes-Benz User Experience (MBUX):** A completely new multimedia system featuring innovative technology based on Artificial Intelligence and an intuitive operating system. MBUX technology is pioneering a new level of in-car experience. MBUX can be operated by Voice Control, the touchscreen (a first for Mercedes-Benz vehicles), Touchpad and Touch Control Buttons on the steering wheel. The system has learning capabilities and intelligent Voice Control with Natural Language Understanding and a verbal cue of "Hey Mercedes" which can be used to wake the system up.
- **AMG Performance 4MATIC+ all-wheel drive:** The new GLE 53 is equipped for maximum traction and dynamics with AMG Performance 4MATIC+ fully variable all-wheel drive. The intelligent steering variably links the permanently driven rear axle with the front axle and continually calculates the optimum torque distribution – depending on the driving situation and the driver's wishes. The all-wheel drive thus improves longitudinal dynamics as well as traction and lateral dynamics. The outcome: more powerful acceleration from a standstill and for short sprints. The system is capable of a power distribution between front and rear axle from 0:100; up to 50:50.
- **AMG DYNAMIC SELECT:** The GLE 53 has seven drive programs: Comfort, Sport, Sport+, Slippery, Individual, and Off-road (Trail and Sand). AMG DYNAMIC SELECT adapts important parameters such as the responsiveness of the engine and transmission, the characteristic curve of the accelerator and steering, the suspension damping and even the vehicle's sound. Selected using the paddle in the center console or the AMG steering wheel buttons, the programs are displayed in the instrument cluster and on the multimedia display.
AMG DYNAMICS is also integrated into the AMG DYNAMIC SELECT drive programs. In "Basic", "Advanced" and "Pro" levels, it influences the control strategies of the ESP (Electronic Stability Program) or the all-wheel drive. The intelligent pilot control anticipates the desired vehicle behavior based on the driver's actions and sensor data.
- **Latest-generation of our Advanced Driver Assistance System:** the enhanced intelligent hands-off detection includes sensing via the Touch Control Buttons and is sensitive to specific conditions and can be activated in a wide range of speeds.

- **Active Distance Assist DISTRONIC®** is able to follow a vehicle in front at a pre-selected distance
- **Active Stop-and-Go Assist** enables the GLE to recognize traffic jams at an early stage, actively supporting the driver in stop-and-go traffic up to approximately 37 mph
- **Active Steering Assist** can now actively intervene even if road lines are unclear or non-existent at certain speeds; it can now also function in curves with a tighter radius
 - **Active Emergency Stop Assist** is able to brake the vehicle to a standstill in its lane if it detects that the driver is no longer actively driving the vehicle while it is on the move with Active Distance Assist DISTRONIC and Active Steering Assist engaged. It can now unlock the doors when the vehicle is stationary to allow first aid responders immediate access to the vehicle's interior
 - **Active Lane Change Assist** is a radar-and-camera-based system that aids the driver when changing lanes. When a turn is indicated, this feature will aid with steering into the adjacent lane if it detects the lane is empty
- **Active Speed Limit Assist** can adapt vehicle speed to identified speed limits and can now adjust pre-emptively when speed limits are going to change
- **Route-Based Speed Adaptation** is able to reduce the speed in anticipatory mode by referencing the vehicle's map data ahead of bends, junctions, roundabouts, toll booths and exit roads
- **Active Brake Assist with Cross-Traffic Function** is an advanced braking system capable of mitigating many types of danger, such as standing and crossing pedestrians or bicyclists, traffic up ahead of the vehicle, or even crossing from side to side
 - **Turn-off function of Active Brake Assist:** activation of Active Brake Assist with Cross-Traffic Assist when turning across the opposite lane. If there is a risk of collision when turning across the path of oncoming vehicles, the vehicle will be braked when traveling at low speeds
- **Evasive Steering Assist** assists the driver by adding calculated steering torque to aid in steering when a driver deliberately or instinctively performs an evasive maneuver around a pedestrian
- **Active Blind Spot Assist** is able to provide the driver with a visual alert, plus an audible alarm, when a turn indicator is actuated to warn of a side collision, and helps the driver to avoid an imminent side impact by single-sided braking
- **Active Lane Keeping Assist** is able to warn the driver by means of vibrations of the steering wheel when the vehicle is unintentionally drifting out of its lane
- **Car-to-X Communication** is a system in which the vehicle simultaneously acts as a receiver and transmitter, conveying warning messages and evaluating driving conditions, effectively allowing the driver to "see" much further down the road
- **PRE-SAFE® PLUS** activates the PRE-SAFE safety measures when a collision from behind is imminent
- **PRE-SAFE® Sound** emits a short interference signal if an imminent collision is detected, triggering a protective reflex in the human ear referred to as the "stapedius reflex," which can help reduce hearing loss in the event of an accident
- **PRE-SAFE® Impulse Side** preventatively moves the driver or front passenger up to 2.75-inches away from the impact zone to the side by rapidly inflating the seat's side bolster, reducing the load on the occupant during an accident if a lateral collision is detected by the system
- **ENERGIZING Comfort:** enhanced health and wellness functionality boosts drivers' attentiveness and well-being while reducing sleepiness and stress

Model Positioning

- The new Mercedes-AMG GLE Coupe models uniquely combine sporty design with exhilarating performance and high day-to-day usability. The new AMG GLE 53 Coupe continues to pave the way for high-performance, highly versatile, sporty utility vehicles, while the new Mercedes-AMG GLE 63 S Coupe raises that bar even higher with exhilarating performance capabilities.

At a Glance

	AMG GLE 53 Coupe	AMG GLE 63 S Coupe
MSRP	\$76,500	\$116,000
Length	195.3"	195.3"
Width w/ mirrors (w/o mirrors)	84.9" (TBA)	84.9" (79.3")
Height	67.7"	67.6"
Wheelbase	115.6"	115.6"
Curb Weight (lbs)	5,254	5,633
Fuel Economy (city/hwy/comb)	18 / 23 / 20	15 / 19 / 17
Engine	AMG-enhanced 3.0L I-6 turbo with EQ Boost and electric auxiliary compressor	4.0-liter V8 with twin turbocharging and integrated EQ Boost starter- generator
Displacement	2,999 cc	3982 cc
Drive Config.	4MATIC+ full-variable All-Wheel Drive	4MATIC+ full-variable All-Wheel Drive
Performance	429 hp @ 6,100 rpm 384 lb-ft @ 1,800 – 5,800 rpm	603 hp @ 5,750 – 6,500 rpm 627 lb-ft @ 2,500 – 4,500 rpm
EQ Boost	Up to 21 hp And 184 lb-ft torque	Up to 21 hp And 184 lb-ft torque
Transmission	AMG SPEEDSHIFT TCT 9-speed automatic transmission	AMG SPEEDSHIFT TCT 9-speed automatic transmission
0-60 mph (sec)	5.2	3.7
Top speed (mph)	130 mph (electronically limited) (155 mph with optional summer tires)	174 mph (electronically limited)
Main Competitors	BMW X6 xDrive 50i, BMW X6 M50i	Porsche Cayenne Turbo Coupe
