- New, more powerful and efficient 2.0L Inline-4 turbocharged engine - power output increase of +14 hp for GLC 300 4MATIC
- New, progressive interior design with new-generation steering wheel with Touch Control Buttons, a 12.3" Digital Instrument Cluster and a 10.25" touchscreen Multimedia Display and new Touchpad in center console
- Latest generation of intelligent, driver assistance technology, including Active Lane Change Assist and Route-Based Speed Adaptation
- Refreshed exterior design with new grille, front and rear lower fascia, and slimmer headlight geometry
- GLC 43 AMG power increase to 385hp (+23hp from MY19)
- New dynamic handling control, AMG DYNAMICS (GLC 63 AMG)
- Standard electronically controlled locking differential (GLC 63 AMG)
- Upgraded AMG Performance steering wheel with haptic touchpads (AMG models)
- New upholstery, trim, paint and wheel options

GLC 300 4MATIC Coupe Standard Feature Highlights

- Mercedes-Benz User Experience (MBUX) with new-generation Voice Control, including Natural Language Understanding and Keyword Activation ("Hey Mercedes")
- 10.25" touchscreen Multimedia Display
- LED headlamps and taillamps
- Smartphone Integration with Apple CarPlay™ and Android Auto
- Blind Spot Assist
- Heated front seats
- Power front seats with driver memory
- New-generation multifunction sport steering wheel with shift paddles
- New-generation Touchpad
- 19" wheels
- DYNAMIC SELECT
- KEYLESS-START® and KEYLESS-GO®
- 64-color Ambient Lighting with Illuminated Door Sills
- Dual-Zone Climate Control
- Cruise Control
- Power liftgate
- SiriusXM®
- 40/20/40 split-folding rear seats
- Active Brake Assist
- Adaptive Braking Technology with Hill-Start Assist and brake HOLD feature

- Crosswind Assist
- ATTENTION ASSIST®
- PRE-SAFE® System
- Mercedes-Benz Emergency Call Service

AMG GLC43 Coupe Standard Feature Highlights (includes GLC 300 features listed above)

- AMG-Enhanced 3.0L V6 biturbo engine (385 hp / 384 lb-ft)
- AMG Sport Suspension based on AIR BODY CONTROL
- AMG Performance 4MATIC® (31:69)
- AMG SPEEDSHIFT® TCT 9-speed transmission
- AMG DYNAMIC SELECT
- AMG Performance Steering Wheel
- New AMG-Specific Grille
- SiriusXM Radio
- Blind Spot Assist
- KEYLESS-GO®
- 3-Stage Electronic Stability Program (ESP®)
- 64-Color Ambient Lighting
- AMG Illuminated Door Sills
- LED Headlamps

AMG GLC 63 and GLC 63 S Coupe Standard Feature Highlights (includes features listed above)

- Handcrafted AMG 4.0L V8 biturbo engine (GLC 63 469 hp / 479 lb-ft; GLC 63 S: 503 hp / 516 lb-ft)
- AMG SPEEDSHIFT® MCT 9-speed transmission
- AMG Performance 4MATIC+® all-wheel drive with fully variable front/rear torque distribution
- Electronic rear-axle limited-slip differential
- AMG Performance Exhaust System
- Multimedia Package with Augmented Video for Navigation
- 12.3" Digital Instrument Cluster

Optional Feature Highlights

- Multimedia Package with Augmented Video for Navigation
- Parking Assistance Package with Surround View System and HANDS-FREE ACCESS
- Driver Assistance Package with Active Lane Change Assist and Route-Based Speed Adaptation
- LED Intelligent Light System with Adaptive Highbeam Assist
- AMG Line
- Night Package
- Burmester® Surround Sound System
- Heated rear seats
- Inductive Wireless Charging & NFC Pairing
- 3-Zone Climate Control
- Ventilated front seats
- Heated Steering Wheel
- Head-Up Display

AMG Optional Feature Highlights

- New AMG DRIVE UNIT
- New AMG Aerodynamics Package
- Exterior Carbon Fiber Package
- AMG Track Pace
- AMG Performance Seats

GLC Technical Feature Highlights

- **Mercedes-Benz User Experience (MBUX):** A completely revolutionary multimedia system featuring innovative technology based on Artificial Intelligence and an intuitive operating system. MBUX is pioneering a new level of in-car experience. The system can be operated by a new generation of Voice Control, the center touchscreen, a new Touchpad, and/or by the Touch Control Buttons on the steering wheel. The system has learning capabilities and intelligent Voice Control with Natural Language Understanding and a verbal cue of “Hey Mercedes.”
 - **Touchscreen Multimedia Display:** Central to the comprehensive MBUX concept is a touchscreen display
- **Driver Assistance Systems:** The GLC Coupe receives the latest in driver assistance technology including intelligent hands-off detection. The Driver Assistance Package includes:
 - **Active Distance Assist DISTRONIC®** is an adaptive cruise control system that is able to automatically adjust your set speed for traffic ahead
 - **with Route-Based Speed Adaptation,** the vehicle is able to reduce the speed in anticipatory mode by referencing map data ahead of curves, junctions, roundabouts, toll booths and exit roads
 - **Active Steering Assist** generates steering torque which helps the driver to stay in the center of the lane on straight roads and slight bends, taking its guidance from vehicles ahead and lane markings
 - **with Active Emergency Stop Assist,** which brakes the vehicle to a stop in a controlled manner when the system recognizes that the driver is distracted for a longer period or cannot intervene in vehicle control
 - **and Active Lane Change Assist,** which assists the driver in a convenient and cooperative manner when making lane changes
 - **Active Brake Assist with Cross-Traffic Function** is able to help the driver avoid impending collisions with vehicles ahead, even stationary or crossing vehicles and pedestrians, if the driver fails to take action quickly enough
 - **Active Speed Limit Assist** automatically adapts the vehicle's speed to identified speed limits in conjunction with the embedded navigation
 - **Active Blind Spot Assist** is able to provide the driver with a visual alert, plus an audible alarm when a turn indicator is activated, to warn the driver if another vehicle is detected in the blind spot area. It can also help avoid a collision by single-sided braking if a lane change is still attempted with an obstacle in the blind spot
 - **Active Lane Keeping Assist** is able to warn the driver by means of vibrations of the steering wheel when the vehicle is unintentionally drifting out of its lane. If the vehicle passes over a solid line, or a dashed line when opposing traffic is detected, this system can pull the vehicle back into its lane by applying the brakes on one side
 - **PRE-SAFE® Sound** emits a short interference signal if an imminent collision is detected, triggering a protective reflex in the human ear referred to as the “stapedius reflex,” which can help reduce hearing loss in the event of an accident

Model Positioning

- The GLC Coupe builds off the successful GLC SUV by skillfully and intricately combining the sportiness of a coupe with the functionality of an SUV. Innovative technologies like the revolutionary infotainment system MBUX (Mercedes-Benz User Experience), intelligent driver assistance systems and a newly enhanced engine make the Coupe a paragon of sportiness, safety and efficiency.

At a Glance

	GLC 300 4MATIC Coupe
MSRP	\$50,000
