

Mercedes-Benz

New special models of the S-Class Coupe and Cabriolet

Press Information

Two dream cars gain more exclusivity

March 5, 2018

Stuttgart/Geneva. The Mercedes-Benz S-Class Coupe and S-Class Cabriolet are the highest expressions of the Mercedes-Benz brand with their stunning pillarless coupe design and their ultimate combination of premium luxury, comfort and intelligence. For model year 2019, a lavishly equipped “Exclusive Edition” will be available on the Mercedes-Benz S-Class Coupe and Cabriolet. The special two-door “Exclusive Edition” models will make their world debut at the Geneva Motor Show.

The Exclusive Edition comes as standard with the LED Intelligent Light System with Swarovski crystals as well as "Exclusive Edition" lettering on the cup holder cover in the center console. The exclusive paint finishes for the special models include a choice between Aragonite Silver and Rubellite Red. The cabriolet soft top is available in dark red or beige, depending on the paint finish.

A special interior feature is the trim in light brown high-gloss wood. Also part of the standard equipment are the Burmester® Surround Sound System and the Exclusive package, which includes seats in *designo* Exclusive Nappa leather in Porcelain/Titian Red or Porcelain/Espresso Brown with contrasting topstitching and piping; seat upholstery layout in diamond design with placed perforations; front and rear center armrests and armrests in Nappa leather with contrasting topstitching; top part of instrument panel in nappa leather with contrasting topstitching; door center panels in Nappa leather with topstitching; *designo* roof liner and sun visors in DINAMICA microfiber; rear parcel shelf in MB-Tex leather; door sills with illuminated Mercedes-Benz lettering as well as map pockets on driver/front passenger backrests in Nappa leather. In addition, special floor mats with trimmed edges are available in Titian Red or Porcelain.

As members of the large and successful S-Class family, the Coupe and Cabriolet have benefited from the same extensive innovations that were introduced in the Sedan late last year. These include new and considerably extended driver assistance systems, the modern control and display concept with a Widescreen Cockpit, the new generation of steering wheels as well as ENERGIZING Comfort. Exclusive to both two-door models and part of the standard equipment specification are innovative OLED taillamps. Dynamic performance is assured by the new V8 biturbo engine in the S 560 4MATIC Coupe and S 560 Cabriolet.

The Mercedes-Benz S-Class Coupe and its preceding model series embody the essential brand values of the world's oldest automobile manufacturer in a particularly exclusive way. Characterized by elegance, technical innovation, performance and sportiness, these two-door models regularly set the benchmark in their world – the world of the superlative automobile. The classic luxury-class coupes have always stood at the top of the Mercedes-Benz model portfolio. Even more exclusive, and the essence of an absolute dream car, is the S-Class Cabriolet. All open-top luxury cars from Mercedes-Benz are right at the top of collectors' wish lists today.

Further details on availability and pricing for the U.S. market are not available at this time, but will be released before market launch.
