

Quick Reference Guide

2018 E-Class Sedan

Models & MSRP

Mercedes-Benz E 300 (RWD) Sedan	\$52,950
Mercedes-Benz E 300 4MATIC Sedan	\$55,450
Mercedes-Benz E 400 4MATIC Sedan	\$58,900
Mercedes-AMG E 43 Sedan	\$71,600
Mercedes-AMG E 63 S Sedan	\$104,400

**Above prices exclude \$995 destination and delivery*

Model Year Changes

- E 400 4MATIC Sedan (new variant for 2018) with 3.0L V6 biturbo engine with 329 hp and 354 lb-ft
- Rearview camera now standard
- New trims: Natural Grain Black Ash Wood and Natural Grain Brown Ash Wood with matching center consoles
- New Premium Package structure
- Night Package
- Soft-close doors
- Illuminated door sills with “Mercedes-Benz” lettering
- Rear Seat Entertainment and Comfort Adapter
- 3-Zone climate control
- Active Multicontour Seats w/ massage function

E 300 Sedan Highlights

- Efficient and powerful turbocharged 2.0L inline-4 turbocharged engine with 241 hp and 273 lb-ft (E 300, E 300 4MATIC)
- 9G-TRONIC 9-speed automatic transmission
- Suspension with selective damping system / lowered suspension with selective damping system, or optional AIR BODY CONTROL multi-chamber air suspension
- Embodies the Mercedes-Benz “Sensual Purity” design philosophy both inside and out
- Available NFC (Near Field Communication) charging for compatible smartphones

AMG E 43 Sedan Highlights

- AMG-enhanced 3.0L V6 biturbo engine producing 396 hp and 384 lb-ft of torque
- AMG-enhanced 9G-TRONIC 9-speed transmission
- AMG Performance 4MATIC® four-wheel drive system features rear-biased torque distribution with a front/rear axle split of 31 to 69 percent
- AMG Sport Suspension based on AIR BODY CONTROL
- Available dual 12.3” high-resolution displays, including instrument cluster display
- Standard 19” wheels

AMG E 63 S Sedan Highlights

- AMG 4.0L V8 biturbo engine (603 hp / 627 lb-ft)
- 0-60 mph: 3.3 seconds, top speed 186 mph (electronically limited)
- AMG SPEEDSHIFT MCT nine-speed sport transmission
- AMG Performance 4MATIC+ all-wheel drive system
- Completely re-engineered AMG sport suspension based on AIR BODY CONTROL
- Drift Mode, equipped as standard, allows the E 63 S Sedan to become 100% rear-wheel-drive

E-Class Technical Highlights

- **PRE-SAFE® Sound:** omits a short interference signal if an imminent collision is detected, triggering a protective reflex in the human ear referred to as the “stapedius reflex,” which can help reduce hearing loss in the event of an accident
- **Active Distance Assist DISTRONIC®** is able to follow a vehicle at a pre-selected distance at a wide range of speeds
 - **Active Steering Assist** can actively intervene even if road lines are unclear or non-existent
 - **Active Lane Change Assist:** radar-and-camera-based system that aids the driver when changing lanes, for example, when overtaking. When a turn is indicated for at least two seconds, Active Lane Change Assist will aid with steering into the adjacent lane if it detects the lane is empty
 - **Active Brake Assist w/ Cross-Traffic Function**
- **Evasive Steering Assist:** when a driver deliberately or instinctively performs an evasive maneuver, this system assists by adding calculated steering torque to aid in steering wheel movement
- **Car-to-X communication:** the world’s first fully-integral Car-to-X solution going into series production; the E-Class simultaneously acts as a receiver and transmitter, conveying warning messages and evaluating driving conditions, effectively allowing the driver to “see around corners” and “through obstacles”
- **PRE-SAFE® Impulse Side:** if a lateral collision is detected, the system preventatively moves the driver or front passenger up to 2.75-inches away from the impact zone to the side by rapidly inflating the seat’s side bolster, reducing the load on the occupant during an accident
- **Touch Control Buttons:** touch-sensitive controls on the steering wheel for instrument cluster and infotainment system control, similar to a smart-phone interface, which respond to vertical and horizontal swiping movements
- Segment-leading, next-gen, high-resolution 12.3” infotainment display with advanced, simplified user interface
- **AIR BODY CONTROL:** Available multi-chamber air suspension at all corners
- **Ambient lighting** in 64 colors thanks to energy-saving LED technology
- **Warmth and Comfort Package:** (segment exclusive) offers heated door armrests, center console, steering wheel and rapidly-heating front seats

Model Positioning

- The E-Class Sedan and Wagon are the most advanced vehicles the Mercedes-Benz product portfolio. The 10th generation (sedan version) of one of the world’s most successful vehicles launches with several world-premiere technologies, an all-new emotional design both inside and out, and top levels of comfort, luxury and safety.
- The Mercedes-AMG E 43 Sedan, the first high-performance variant of the E-Class developed by Mercedes-AMG, boasts an AMG-enhanced 3.0L V6 biturbo engine, dynamic drive qualities and top-levels of technology.
- The Mercedes-AMG E 63 S Sedan is the most powerful E-Class variant of all time. The versatile AMG 4.0L V8 biturbo engine in the E 63 S Sedan takes peak performance to a new level at 603 hp. A sprint from zero to 60 mph takes only 3.3 seconds, and this dynamic acceleration only ends at the governed top speed of 186 mph.
