S-Class Facelift Changes

- Newly designed front and rear bumpers
- New headlamp and taillamps
- Radiator grille previously reserved for V12 models now standard across lineup
- Two new 20" wheels
- Two new trim offerings
- Three new interior upholstery offerings
- New 3-spoke steering wheel
- New generation of COMAND multimedia system with dual 12.3" high-resolution displays merged under a single bonded glass panel
- V12 radiator grille with MAYBACH lettering (Maybach models)
- New generations of Mercedes-Benz engines:
 - S 450/S 450 4MATIC: 3.0L V6 biturbo
 - S 560/S 560 4MATIC : 4.0L V8 biturbo
 - AMG S 63 (4MATIC+): Handcrafted AMG 4.0L V8 biturbo
 - AMG S 65 (RWD): Handcrafted AMG 6.0L V12 biturbo
 - Maybach S 560 4MATIC: 4.0L V8 biturbo
 - Maybach S 650 (RWD): 6.0L V12 biturbo

S-Class Standard Equipment Highlights (S 450/S 450 4M & S 560/S 560 4M)

- Energizing Comfort
- Ambient lighting with 64 colors
- Lane Tracking Package
- LED Intelligent Light System with new Ultra Wide Beam feature
- Smartphone Integration
- Apple CarPlay®
- Android Auto
- Nappa Leather (S 560/S 560 4MATIC)
- 19" wheels (S 560/S 560 4MATIC)

Maybach Standard Equipment Highlights

- All standard equipment of S 560 sedan
- 20" wheels
- Executive seats in rear with 43-degree recline angle and power calf rest for both outboard seats
- Extended interior ambient lighting in rear cabin
- Leather covered door sills and seat consoles
- Extended leather package
- Wood/leather steering wheel
- AIRMATIC® semi-active air suspension
- MAGIC BODY CONTROL®

AMG S 63 Standard Equipment Highlights

- LED Intelligent Light System
- AMG DYNAMIC SELECT
- RACE START with simplified operating logic
- AMG Performance Exhaust System
- AMG Sport Suspension based on AIRMATIC®
- Compound brake rotors (15.4" x 1.4" front / 14.2" x 0.9" rear) with 6-piston aluminum fixed calipers on the front axle and single-piston floating calipers on the rear
- 20" wheels
- AMG Multicontour Adaptive Sport Seats
- New-generation three-spoke AMG Performance Steering Wheel
- AMG Track Pace app
- 4MATIC+ all-wheel drive with fully-variable torque distribution to the front or rear wheels

AMG S 65 Standard Equipment Highlights

- LED Intelligent Light System
- AMG DYNAMIC SELECT
- AMG Sport Suspension based on MAGIC BODY CONTROL with curve-tilting function
- Compound brake rotors (15.4" x 1.4" front / 14.2" x 0.9" rear) with 6-piston aluminum fixed calipers on the front axle, and single-piston floating calipers on the rear
- Exclusive forged 20" wheels
- AMG Multicontour Adaptive Sport Seats
- New-generation three-spoke AMG Performance Steering Wheel
- AMG Sport Exhaust System

S-Class Optional Equipment Highlights

- Latest generation of Driver Assistance System
- MAGIC BODY CONTROL® with Curve tilting function (n/a 4MATIC models)

Maybach Optional Equipment Highlights

- Executive Rear Seat Package PLUS with two folding tables in rear
- *designo* Silk Beige/Titanium Grey Pearl semi-aniline leather
- *designo* Silk Beige/Satin Red Pearl semi-aniline leather
- Refrigerator box in rear
- Panorama Roof with MAGIC SKY CONTROL®
- SPLITVIEW® front-seat entertainment system
- Silver handcrafted champagne flutes by Robbe and Berking

AMG S 63 and S 65 Optional Equipment Highlights

- Forged 20" wheels in several unique designs
- AMG Performance Studio options, including AMG Night Package, Carbon Fiber Package, and various interior upholsteries / trims
- AMG Ceramic Composite Braking System

S-Class Technical Highlights:

- **Driver Assistance Systems:** the enhanced intelligent hands-off detection includes sensing via finger pads and is sensitive to specific conditions; can be activated in a wider range of speeds:
 - **Active Distance Assist DISTRONIC®** is able to follow a vehicle in front at a pre-selected distance at wider range of speeds
 - **Active Steering Assist** functions at a wider range of speeds and can now actively intervene even if road lines are unclear or non-existent at certain speeds; can now function in curves with a tighter radius
 - **Active Emergency Stop Assist** brakes the vehicle to a standstill in its lane if it detects that the driver is no longer actively driving the vehicle while it is on the move with Active Distance Assist DISTRONIC and Active Steering Assist engaged. Can now unlock the doors when the vehicle is stationary to allow first aid responders immediate access to the vehicle's interior. With available mbrace® Secure, the system simultaneously makes an emergency call
 - **Active Lane Change Assist** is a radar-and-camera-based system that aids the driver when changing lanes. When a turn is indicated, this feature will aid with steering into the adjacent lane if it detects the lane is empty
 - **Active Speed Limit Assist** can adapt vehicle speed to identified speed limits and can now adjust preemptively when speed limits are going to change
 - **Route-Based Speed Adaptation** the vehicle is now able to reduce the speed in anticipatory mode by referencing the COMAND map data ahead of bends, junctions, roundabouts, toll booths and exit roads.
- **Active Brake Assist with Cross-Traffic Function**
- **Evasive Steering Assist** this system assists by adding calculated steering torque to aid in steering wheel movement when a driver deliberately or instinctively performs an evasive maneuver around a pedestrian
- **Active Blind Spot Assist** is active at a wider range of speeds and informs the driver to help avoid an imminent side impact by single-sided braking
- **Active Lane Keeping Assist** is active now at a wider range of speeds
- **Car-to-X communication** is a system in which the vehicle simultaneously acts as a receiver and transmitter, conveying warning messages and evaluating driving conditions, effectively allowing the driver to "see" much further down the road
- **PRE-SAFE® PLUS** activates the PRE-SAFE safety measures when a collision from behind is imminent
- **PRE-SAFE® Sound** emits a short interference signal if an imminent collision is detected, triggering a protective reflex in the human ear referred to as the "stapedius reflex," which can help reduce hearing loss in the event of an accident
- **Touch Control Buttons** are touch-sensitive controls on the steering wheel for easy control of the instrument cluster and multimedia system, similar to a smartphone interface, which responds to vertical and horizontal swiping movements
- New generation of COMAND multimedia system with dual 12.3" high-resolution displays with single bonded glass panel

- **Energizing Comfort:** enhanced health and wellness functionality boosts drivers' attentiveness and well-being while reducing sleepiness and stress
- **AIR BODY CONTROL:** available multi-chamber air suspension at all corners

S-Class Model Positioning

- The Mercedes-Benz S-Class is the flagship of the Mercedes-Benz range and arguable, the auto industry. With its upgrades for 2018, this model continues to lead the way in comfort, luxury and intelligence, which also include all safety and driver assistance systems. New generations of the latest Mercedes-Benz and AMG engines also complement the various models within the S-Class range.

Maybach Model Positioning

- The Mercedes-Maybach models extend the range of S-Class sedans to new benchmark in terms of exclusivity, offering more space and facilities for the highest demands.
